WORK EXPERIENCE

UI/UX Designer

October 2025 – Present

Vervali Systems Pvt. Ltd. • Vasai, Maharashtra

- Conduct in-depth user research, customer interviews, and journey mapping to identify user pain points and inform data-driven design decisions.
- Design high-fidelity wireframes, interactive prototypes, and user flows in Figma and Adobe XD, validating ergonomics through iterative testing.
- Standardize scalable Design Systems and reusable UI component libraries (typography scales, color tokens, autolayout), accelerating development velocity by 30%.
- Collaborate actively with front-end developers to guarantee design feasibility, responsive layout integrity, and pixel-perfect implementation.

Graphic Designer

October 2024 – August 2025

Nikowin TradeInd Pvt. Ltd. • Virar, Maharashtra

- Designed engaging marketing graphics, digital promotional campaigns, product packaging, and brand identity assets aligned with client objectives.
- Developed conceptual layout designs for product packaging, advertising collateral, and web landing pages with strict brand adherence.
- Conducted research on contemporary design aesthetics and typography trends, yielding a 25% uplift in visual marketing engagement.

Digital Executive & Junior Designer

September 2023 – September 2024

Cozmoh Pixel Pvt. Ltd. • Vasai, Maharashtra

- Formed and sustained strategic client relationships, translating business visions into customized digital marketing strategies and web layouts.
- Utilized Adobe Creative Suite to produce high-quality vector graphics, social media creatives, and marketing layouts that elevated brand presence.
- Facilitated weekly alignment meetings with senior management to manage project timelines, creative milestones, and deliverable schedules.

CLIENT CONSULTATION & STRATEGY

- **Client Consultation & Strategy:** Partner with startups and business owners to evaluate target audiences, formulate customized digital strategies, and execute designs within budget constraints.

- **User-Centered Focus:** Passionate about leveraging cutting-edge UI/UX frameworks, mobile-first responsiveness, and accessibility standards to drive measurable business growth.
